

# packing list #5

## C A M P N A N O W R I M O

- Figure out your reason for writing. Why did you commit to this adventure? Why do you want to write? Write it down in the space below or your notebook.
- Find an accounta-buddy (or two. or ten.) Tell them what your writing goal is for April and ask them to check up on you.
- Make a writing schedule. How many words do you need to write everyday to reach your goal? (Divide your goal by 30.) Write each day's word count goal down in your planner or on your calendar with a space to write in your actual word count.
